Greenwood Library Atrium  
Open to the Public

Please join Greenwood Library in welcoming Shaykh Abdullah Nooruddeen Durkee, a leader in the Sufi tradition of Islam, as he presents the important

encounters, experiences, and studies in America, India, Makkah, Jerusalem and Cairo that led him from teacher to teacher and place to place. During his time in the US, he has established and built four communities, three schools, and several masajid (mosques).

Greenwood Library was recently awarded a Muslim Journeys Bookshelf Grant by the American Library Association and the National Endowment for the Humanities. The books, DVDs, and online resources included in this grant are intended to provide our users with trustworthy and accessible resources about Muslim beliefs and practices as well as the cultural heritage associated with Islamic civilizations.
